YOUR VOYAGE

CAIRO. LUXOR. THE NILE TO ASWAN.

Designed exclusively for EYOS, this journey through Egypt combines rare access to some of the country's most extraordinary historic sites with carefully curated experiences in Cairo, Luxor and Aswan. At the heart of the expedition is the 2027 total solar eclipse, a rare celestial event that promises to make an already remarkable expedition truly unforgettable.

The land program opens in Cairo with a concierge waiting at the entrance to the immigration hall and a night at the Marriott Mena House overlooking the Pyramids, and closes back in Cairo with an afternoon at the Grand Egyptian Museum and a farewell dinner before the flights home. Between those two points: a private two-hour sunrise at Giza with access to the interior of the Great Pyramid, two nights at a riverside villa in Luxor held for the group alone, Karnak and Luxor Temple, a private visit to the Valley of the Kings, including the royal tomb of Seti I and exclusive access to three selected royal tombs, lunch on the terrace of the Old Cataract, and two private Gulfstream jets on each domestic route.

At Esna the group boards a chartered Nour El Nil dahabiya and sails south. Six days on the river: El Kab, Edfu, Gebel el-Silsila, Kom Ombo. No fixed schedule beyond the temples and the wind, and nights moored against riverbanks with nothing else on them.

A once-in-a-lifetime Nile voyage for just 18 guests, with nine cabins available to book individually.

ONBOARD EXPERTS.

Licensed English-speaking Egyptologists accompany every land tour in the program. Alongside them, the group travels with EYOS expedition guides and a shore-based team on hand for 24/7 support.

THE EYOS TEAM

EYOS delivers the thrill of adventure to those ready to explore the unknown. Since pioneering the category in 2008, we remain the world leader in private superyacht expeditions. With our extensive knowledge and hard-won experience of the remote world, we define our own limits to take you beyond yours. Your expedition will be supported by both EYOS expedition guides and a shore-based team on hand to provide 24/7 support.

YOUR VESSEL

A CHARTERED DAHABIYA.

A dahabiya is a shallow-draught Nile sailing boat: two lateen sails, no engine noise under way, and a draught shallow enough to moor against a bank where a cruise ship cannot go. It is the reason the itinerary can spend a night at the foot of a floodlit temple and a morning swimming off the stern.

EYOS has chartered the vessel in full for this voyage and is releasing it by the cabin. Nine cabins for eighteen guests, and no other party aboard.
